The Gallia County Health Department asks that each homeowner and installer complete the sewage application process in the steps below. A flow sheet can also be found in this packet for easier viewing. If these steps are not followed in proper order for completion the Owner is subject to a fine of 25% of the license fee and the Installer subject to a fine of 25% of the license fee.

Ohio Administrative Code 3701-29-02:

(E.) "No person shall discharge or permit to be discharges treated or untreated sewage, or other putrescible, impure, or offensive wastes into an abandoned water supply, on the surface of the ground, well, spring, or cistern, or into a natural or artificial well, sink hole, crevice, or other opening extending into limestone, sandstone, shale, or other rock formation, or normal ground water table."

### Sewage Application Process

Task	Date Completed
1. Homeowner picks up sewage application packet from GCHD	
2. Homeowner completes site evaluation form and provides GCHD with sketch of proposed lot layout and submits to GCHD	
3. GCHD staff visits and approves site	
4. Homeowner contacts soil scientist (price varies)	
5. Soil scientist goes to property and conducts evaluation of soil	
6. GCHD receives results of soil sample	
7. GCHD designs system options based on soil results and gives to homeowner	
8. Homeowner contacts approved Gallia County installer with design options from GCHD	
9. Installer provides GCHD with design options	
10. GCHD approves design layout	
11. Homeowner or installer purchases permit from GCHD	
12. System is installed	
13. GCHD completes final inspection before system coverup and provides installer with as-built	
14. Installer provides GCHD with completed as-built within 7 days	
15. Application complete
